

Analog coupler

Startup instruction

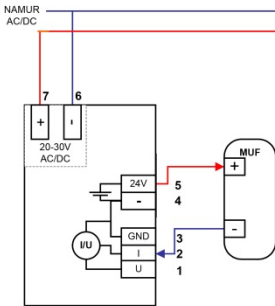

System requirements:

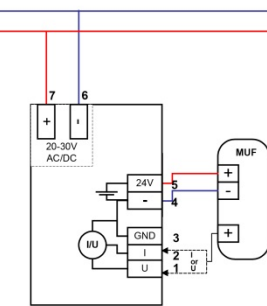

- Base from Version 1.44
- Saveris PC software from Version 4.0 Service pack 5

Current supply of the transmitter via the analog coupler (24V/150mA)

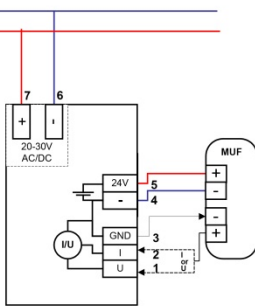

2-wire current measurement (4-20mA)

3-wire current/voltage measurement

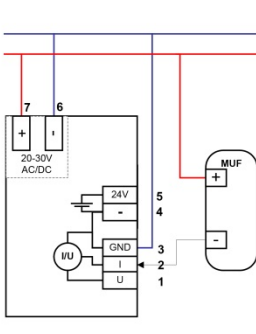

4-wire current/voltage measurement

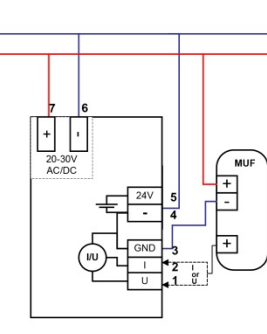

Separate current supply of the transmitter

2-wire current measurement (4-20mA)

3-wire current/voltage measurement

4-wire current/voltage measurement
