FOR IMMEDIATE RELEASE

## Testo Chosen as a Top Technology Resource by Food Logistics Magazine

**WEST CHESTER, PA (December 16, 2020)** – For the fourth consecutive year, *Food Logistics Magazine* has named Testo North America to its Top Software and Technology Providers list.

The annual **FL100+ Top Software and Technology Providers** honors leading software and technology providers that ensure a safe, efficient and reliable global food and beverage supply chain.

“At Testo, we are devoted to supporting the food industry with solutions that enable food businesses to proactively manage food safety and quality with advanced software and sensor technology,” says Michael Ficacci, Director of Marketing for Testo North America. “We are proud to be recognized by *Food Logistics* as a top resource for the industry.”

“From fleet management to warehouse management to simply just track and trace along the cold food chain, these software and technology providers have definitely stepped it up to ensure cold food and beverage products continue moving along the line with out incident,” says Maina Mayer, editor-in-chief of *Food Logistics* and *Supply & Demand Chain Executive*. “This pandemic has thrown the food industry a curveball, but many of these providers fast-tracked the development and deployment of their solutions to ensure food safety, traceability, visibility and quality assurance. So, to these winners and others in the industry working to make a difference, thank you!”

Companies on this year’s **2020 FL100+ Top Software and Technology Providers** list will be profiled in the November/December 2020 issue of *Food Logistics*, as well as online at [www.foodlogistics.com](http://www.foodlogistics.com).
